In August 2018, Mayor Bowser granted \$1.7 million to fund a Downtown Day Services Center to provide coordinated wrap-around services for individuals experiencing homelessness. The center will further advance the progress made to reduce and end homelessness in Washington, DC and is aligned with the Bowser Administration's [Homeward DC](#) plan.

The program will be housed in the New York Avenue Presbyterian Church and managed by the DowntownDC Business Improvement District, with social services provided by Pathways to Housing DC, District agencies and additional partners.

The center will open by the start of the 2019 hypothermia season, which begins on November 1, 2018. It will operate Monday through Friday from 9 AM to 5 PM.

ASSISTANCE and SUPPORT SERVICES

Center resources will focus on wellness and harm reduction strategies and will work to connect clients to permanent housing. Each day, more than 100 clients will have access to:

- healthy meals
- behavioral health resources
- employment support and case management
- housing assessments
- transportation assistance
- showers and laundry facilities
- storage, computers and recreation space
