BACKGROUND

C.1.1

LEGISLATION

On March 23, 2010, President Barack Obama signed the Affordable Care Act (ACA) into law, which puts into place comprehensive health insurance reforms that will hold insurance companies more accountable, lower health care costs, guarantee more health care choices, and enhance the quality of health care for all Americans.

The expansion of DHS Customer Support Center (DHS CSC) is required to meet a new method of Medicaid renewal and enrollment defined by the ACA. District of Columbia is initiating the Passive Converted MAGI renewal process required as part of the ACA. Under this requirement existing Medicaid recipients that are receiving benefits because they meet income requirements of the program must be able to passively renew their Medicaid. In the District, it is estimated that around 100,000 clients qualify for passive renewal.

To meet the potential demand for assistance in the DHS CSC , the District is intending to utilize community based individuals and organizations that received training in 2013 by the DC Health Benefit Exchange DHS (HBX) in ACA policies and DC Access System software application.

Acknowledging that the DHS Customer Support Center is a new function for the Government of the District of Columbia, serving a new program that operates under the new federal ACA law related to health insurance coverage, it is not possible to make a confident projection about contact volume. However, with this caveat, the following table provides an initial projected call volume that DHS has developed.

The maximum number of clients that may call the DHS Customer Support Center is shown in the table below:

C.2 SCOPE

The District of Columbia's Department of Human Services (DHS), is issuing this Request for Proposals (RFP) to solicit proposals from qualified individuals as Assisters to handle Converted MAGI Renewals. DHS Customer Support Center (CSC) will be a full service call center, providing the District of Columbia with a robust capability to provide consumers with the over the phone and web based services for Medicaid renewals, enrollment, and related assistance using the District of Columbia Assess System (DCAS).

The scope of this solicitation is to acquire an Offeror for services for taking calls from customers looking to renew their Medicaid benefits and/or enroll in the program in the late fall of 2014. The District is looking for organizations and/or individuals who had received Assister grants from the Health Benefit Exchange Authority to support the open enrollment period in 2013 and 2014.

The Contractor's staff will be trained by DHS through internal and/or contracted resources to refresh policy knowledge, Medicaid renewal processes and general call taking practices.

The staff identified will be deployed at DHS specified facility at 2100 Martin Luther King Ave, SE.

The DHS is not liable for any costs incurred by the Offerors in submitting proposals in response to this solicitation.

L.12 CERTIFICATES OF INSURANCE

Prior to commencing work, the Offeror shall have its insurance broker or insurance company submit certificates of insurance giving evidence of the required coverage's as specified in Section I.8.

L.13 ACKNOWLEDGMENT OF AMENDMENTS

The Offeror shall acknowledge receipt of any amendment to this solicitation electronically via the District of Columbia's E-Sourcing system. The DHS must receive the acknowledgment by the date and time specified for receipt of proposals. An Offeror's failure to acknowledge an amendment may result in rejection of its offer.

L.14 BEST AND FINAL OFFERS

If, subsequent to receiving original proposals, negotiations are conducted, all Offerors within the competitive range will be so notified and will be provided an opportunity to submit written best and final offers at the designated date and time. Best and final offers will be subject to the Late Submissions, Late Modifications and Late Withdrawals of Proposals provisions of the solicitation. After receipt of best and final offers, no discussions will be reopened unless the Contracting Officer determines that it is clearly in the DHS's best interest to do so, e.g., it is clear that information available at that time is inadequate to reasonably justify Offeror selection and award based on the best and final offers received. If discussions are reopened, the CO shall issue an additional request for best and final offers to all Offerors still within the competitive range.

L.15 LEGAL STATUS OF OFFEROR

Each proposal must provide the following information:

L.15.1 Name, address, telephone number and federal tax identification number of Offeror;

This mandate also requires the Offeror to provide a copy of the executed "Clean Hands Certification" that is referenced in D.C. Official Code §47-2862, if the Offeror is required by law to make such certification. If the Offeror is a corporation or partnership and does not provide a copy of its license, registration or certification to transact business in the District of Columbia, the offer shall certify its intent to obtain the necessary license, registration or certification prior to contract award or its exemption from such requirements; and

L.15.3 If the Offeror is a partnership or joint venture, the names and addresses of the general partners or individual members of the joint venture, and copies of any joint venture or teaming agreements.

L.16 FAMILIARIZATION WITH CONDITIONS

Offerors shall thoroughly familiarize themselves with the terms and conditions of this solicitation, acquainting themselves with all available information regarding difficulties which may be encountered, and the conditions under which the work is to be accomplished. Offerors will not be relieved from assuming all responsibility for properly estimating the difficulties and the cost of performing the services required herein due to their failure to investigate the conditions or to become acquainted with all information, schedules and liability concerning the services to be performed.

M.1 EVALUATION FOR AWARD

M.1.1 The contract will be awarded to the responsible Offeror whose offer is most advantageous to the DHS, based upon the evaluation criteria specified below. Thus, while the points in the evaluation criteria indicate their relative importance, the total scores will not necessarily be determinative of the award. Rather, the total scores will guide the DHS in making an intelligent award decision based upon the evaluation criteria.

M.2 TECHNICAL RATING

M.2.1 The Technical Rating Scale is as follows:

<u>Numeric Rating</u>	<u>Adjective</u>	<u>Description</u>
0	Unacceptable	Fails to meet minimum requirements; e.g., no demonstrated capacity, major deficiencies which are not correctable; Offeror did not address the factor.
1	Poor	Marginally meets minimum requirements; major deficiencies which may be correctable.
2	Minimally Acceptable	Marginally meets minimum requirements; minor deficiencies which may be correctable.
3	Acceptable	Meets requirements; no deficiencies.
4	Good	Meets requirements and exceeds some requirements; no deficiencies.

5	Excellent	Exceeds most, if not all requirements; no deficiencies.
---	-----------	---------------------------------------------------------

M.2.2 The technical rating is a weighting mechanism that will be applied to the point value for each evaluation factor to determine the Offeror’s score for each factor. The Offeror’s total technical score will be determined by adding the Offeror’s score in each evaluation factor. For example, if an evaluation factor has a point value range of zero (0) to forty (40) points, using the Technical Rating Scale above, if the DHS evaluates the Offeror’s response as “Good,” then the score for that evaluation factor is 4/5 of 40 or 32.

M.2.3 If sub factors are applied, the Offeror’s total technical score will be determined by adding the Offeror’s score for each sub factor. For example, if an evaluation factor has a point value range of zero (0) to forty (40) points, with two sub factors of twenty (20) points each, using the Technical Rating Scale above, if the District evaluates the Offeror’s response as “Good” for the first sub factor and “Poor” for the second sub factor, then the total score for that evaluation factor is 4/5 of 20 or 16 for the first sub factor plus 1/5 of 20 or 4 for the second sub factor, for a total of 20 for the entire factor.

M.3 EVALUATION CRITERIA

Proposals will be evaluated based on the following evaluation factors in the manner described below:

M.3.1 Company Overview and Qualifications (20 Points Maximum)

M.3.1.1 Describe the Offeror’s history, growth, and size. Describe the Offeror’s form of business, physical locations, number of employees, client base, etc.

M.3.1.2 Provide a brief, descriptive statement describing the Offeror’s ability to deliver the services sought under this RFP (e.g., prior experience, prior projects, training, certifications, resources, program and quality management systems, etc.).

M.3.1.3 Describe any clients that Offeror has provided services to that are engaged in businesses related to health care insurance or providing health care. Describe any relevant experience related to the ACA or Exchanges.

M.3.1.4 Provide a list of Key Personnel, including subcontractors, who will work on the project, detailing their training and work experience and the anticipated amount and/or portion of time each will devote to this

project. Resumes should be submitted for Key Personnel and any other personnel the offeror deems relevant, including subcontractors.

M.3.2 Experience and References (15 Point Maximum)

M.3.2.1 Provide detailed case studies for at least two reference projects (preferably Health Care related Contact Centers). To the extent possible, include all of the following information:

- Briefly describe the project and how its characteristics—such as size, scope of work, functionality, and customer base—are similar to this project. Provide the project’s location and hours of operation.
- Provide information about the number of total staff currently employed at the project and the number of clients and client’s consumers that you currently serve in the project. Describe the staffing plan and answer the following questions:
 - What is the average tenure and experience of the staff (managers, supervisors, CSRs)?
 - What are the rates of staff turnover/attrition among the CSRs?
 - What is the supervisor/staff ratio?

M.3.3 Project Overview and Description (30 Point Maximum)

M.3.3.1 Address the Scope of Work and describe how your solution will address each element. This section of your Proposal should follow the organizational structure and order of the Scope of Work. However, it is not required to provide a separate narrative description for every sub-category in the Scope of Work. Offerors must include all items specifically identified in the Scope of Work (e.g., Draft PMP, Staffing Chart, etc.).

M.3.4 Work Plan and Timeline (15 Points Maximum)

M.3.4.1 Offerors are required to provide a detailed work plan and timeline covering the Scope of Work. The timeline should be based on a full project plan and include all of the milestones and deliverables in the RFP.

M.3.4.2 The Offeror should provide a description of the major tasks to be performed and must utilize the milestones, requirements, and deliverables outlined in this RFP.

M.3.4.3 The Offeror should provide a work plan that details the tasks and activities, durations, dependencies, and resources based on the proposed approach and methodology, which will be executed to create the noted Deliverables.

M.3.5 Price Proposal (20 Points Maximum)

M.3.2.1 The price evaluation will be objective and will be evaluated separately from the technical proposal. The Offeror with the lowest price will receive the maximum price points. All other proposals will receive a proportionately lower total score. The following formula will be used to determine each Offeror’s evaluated price score:

$$\begin{array}{l} \text{Lowest price proposal} \\ \text{-----} \end{array} \times 15 = \text{Evaluated price score}$$

Price of proposal being evaluated

M.4 EVALUATION OF OPTION YEARS

M.4.1 The DHS will evaluate offers for award purposes by evaluating the total price for all options as well as the base year. Evaluation of options shall not obligate the DHS to exercise them. The total DHS’s requirements may change during the option years. Quantities to be awarded will be determined at the time each option is exercised.

M.5 EVALUATION OF PROMPT PAYMENT DISCOUNT

M.5.1 Prompt payment discounts shall not be considered in the evaluation of offers. However, any discount offered will form a part of the award and will be taken by the DHS if payment is made within the discount period specified by the Offeror.

M.5.2 In connection with any discount offered, time will be computed from the date of delivery of the supplies to carrier when delivery and acceptance are at point of origin, or from date of delivery at destination when delivery, installation and acceptance are at that, or from the date correct invoice or voucher is received in the office specified by the DHS, if the latter date is later than date of delivery. Payment is deemed to be made for the purpose of earning the discount on the date of mailing of the check.
